PROFILE

Dedicated and passionate Computer Science and Engineering student with hands-on experience in programming, algorithms, and full-stack web development. Skilled in building scalable, user-centered applications using modern technologies. Strong interest in machine learning, AI, and software engineering, with a commitment to continuous learning and innovation.

EXPERIENCE

Full-Stack Developer (MERN)

Summer Bootcamp | Jun – Sep 2025

- Built a Library Management System using MySQL, Express, React, Node.js and CSS.
- Implemented JWT authentication, email notifications (Nodemailer) and cloud storage (Cloudinary).
- Developed RESTful APIs for book management, user management, borrowing tracking and payment management.

Participant – Competitive Programming

Summer Bootcamp | Jun – Aug 2025

- Strengthened skills in Java, Data Structures and Algorithms.
- Solved problems on LeetCode and Codeforces to improve problem-solving speed.

PROJECTS

Full-Stack Library Management System

Web-based system to manage books, users, borrowing and payments. Built with React, Tailwind CSS, Node.js, Express, MySQL, JWT and Nodemailer.

React Tailwind CSS Node.js Express MySQL JWT Nodemailer

EDUCATION

B.Sc. Computer Science & Engineering

Adama Science and Technology University, Ethiopia

2022 – Present — 3rd Year Student

High School Diploma

Donga Tunto Secondary School, Ethiopia

2020 – 2022

SKILLS

Frontend

HTML CSS JavaScript Tailwind CSS

Backend

Node.js Express.js

Database

MySQL SQL

Languages

Python C++ Java

Other

RESTful APIs JWT Auth Git/GitHub

TRAINING

- Python Programming**
University coursework + Udemy / YouTube
- Data Structures & Algorithms**
University classes + LeetCode practice
- Full-Stack Development**
Self-learning via projects & online courses

LANGUAGES

Amharic Native
English Professional

CAREER GOALS

- Cybersecurity professional
- Database Administration
- Expert Full-Stack Developer
- Backend engineer at a global tech company
